

THE AI STACK FOR BUSINESS OWNERS

The exact tools I run my businesses on — and the click-by-click setup to wire every one of them into a single AI brain.

13 TOOLS

6 STEPS

ALL CLICKABLE

YOUR AI OPERATING SYSTEM — BUILT STEP BY STEP

MOST PEOPLE COLLECT AI TOOLS. OPERATORS CONNECT THEM.

A folder of logins isn't leverage. Leverage is when one AI — Claude — becomes the brain, and every other tool plugs into it. Then you stop juggling tabs and start running the whole machine from one place.

WHAT'S INSIDE

- ⦿ The full stack map — how it all wires together
- ⦿ The one skill that connects ANY tool to Claude
- ⦿ 6 steps from empty desk to fully automated
- ⦿ Every sign-up + connect link, one tap away
- ⦿ A checklist so nothing gets missed

ONE AI BRAIN. EVERYTHING WIRED IN.

6 STEPS TO A FULLY-RUN BUSINESS.

1

Organize

Folders + a context doc so Claude knows your business

• ~10 min

2

Get Claude

Your AI brain, online

• ~2 min

3

Connect any tool

Learn the one move that plugs in everything

• ~5 min

4

Marketing

Ads + outreach on autopilot

• ~15 min

5

Web + Ops

Sites, projects + CRM

• ~15 min

6

Your office

Chrome + Google wired in

• ~10 min

BUILD YOUR FOUNDATION.

• 10 MIN

• EASY

AI is only as sharp as what you feed it. Set up where your business lives before anything else.

1 Install Google Drive for Desktop

→ google.com/drive/download

2 Make one simple folder system

01 Context · 02 Brand · 03 Content · 04 Clients · 05 Ops — mirror it everywhere.

3 Write ONE context document

Who you are, offers, ideal customer, voice, SOPs. Point Claude at it.

! THE CONTEXT DOC IS THE SECRET

This one file is the difference between AI that sounds like everyone and AI that sounds like YOU. Spend 30 minutes here and every output improves.

THE BRAIN, THEN THE SUPERPOWER.
